Hi Nicole,

Kent left me a VM last night giving some more info re: the plants they have contacted. He said that ATSDR has contacted two plants, we received a "yes" from [REDACTED] (Ksenija had been in contact with them when we were determining which facility to do a site visit with), and a "no" from [REDACTED] (we had no previous relationship with them and they are not a member of the STC, but are on the list of top 9 suppliers). He said that Annette was contacting facilities as well but he does not know what type of response she has received yet.
